

MANGROVE RESIDENCES

TRUE TO OUR SPIRIT

EXPO
CENTRAL

01. INTRODUCTION

Welcome to
The City of the Future

Expo City Dubai

A visionary city has arrived. A curated ecosystem for living, leisure and business. A place where green spaces combine with cutting-edge technologies, where people connect to build a brighter tomorrow.

Take a stroll through the car-free city and marvel at the falcon-inspired UAE Pavilion, the iconic Al Wasl Plaza, Alif – The Mobility Pavilion, Terra – The Sustainability Pavilion, the Garden in the Sky rotating observation tower, the Surreal water feature and the world-class Dubai Exhibition Centre.

Connected by metro and within easy reach of airports, ports and highways, the 5G-covered city is a go-to destination for events, including the COP28 climate conference, and is set to become a global business hub for local and international companies in its dynamic free zone.

A complete community, here you'll discover an impressive selection of inspiring cultural and educational experiences, leisure facilities, event venues, dining options, exercise grounds, retail outlets, parks, playgrounds and more.

Live for today while looking towards the future – only at Expo City Dubai.

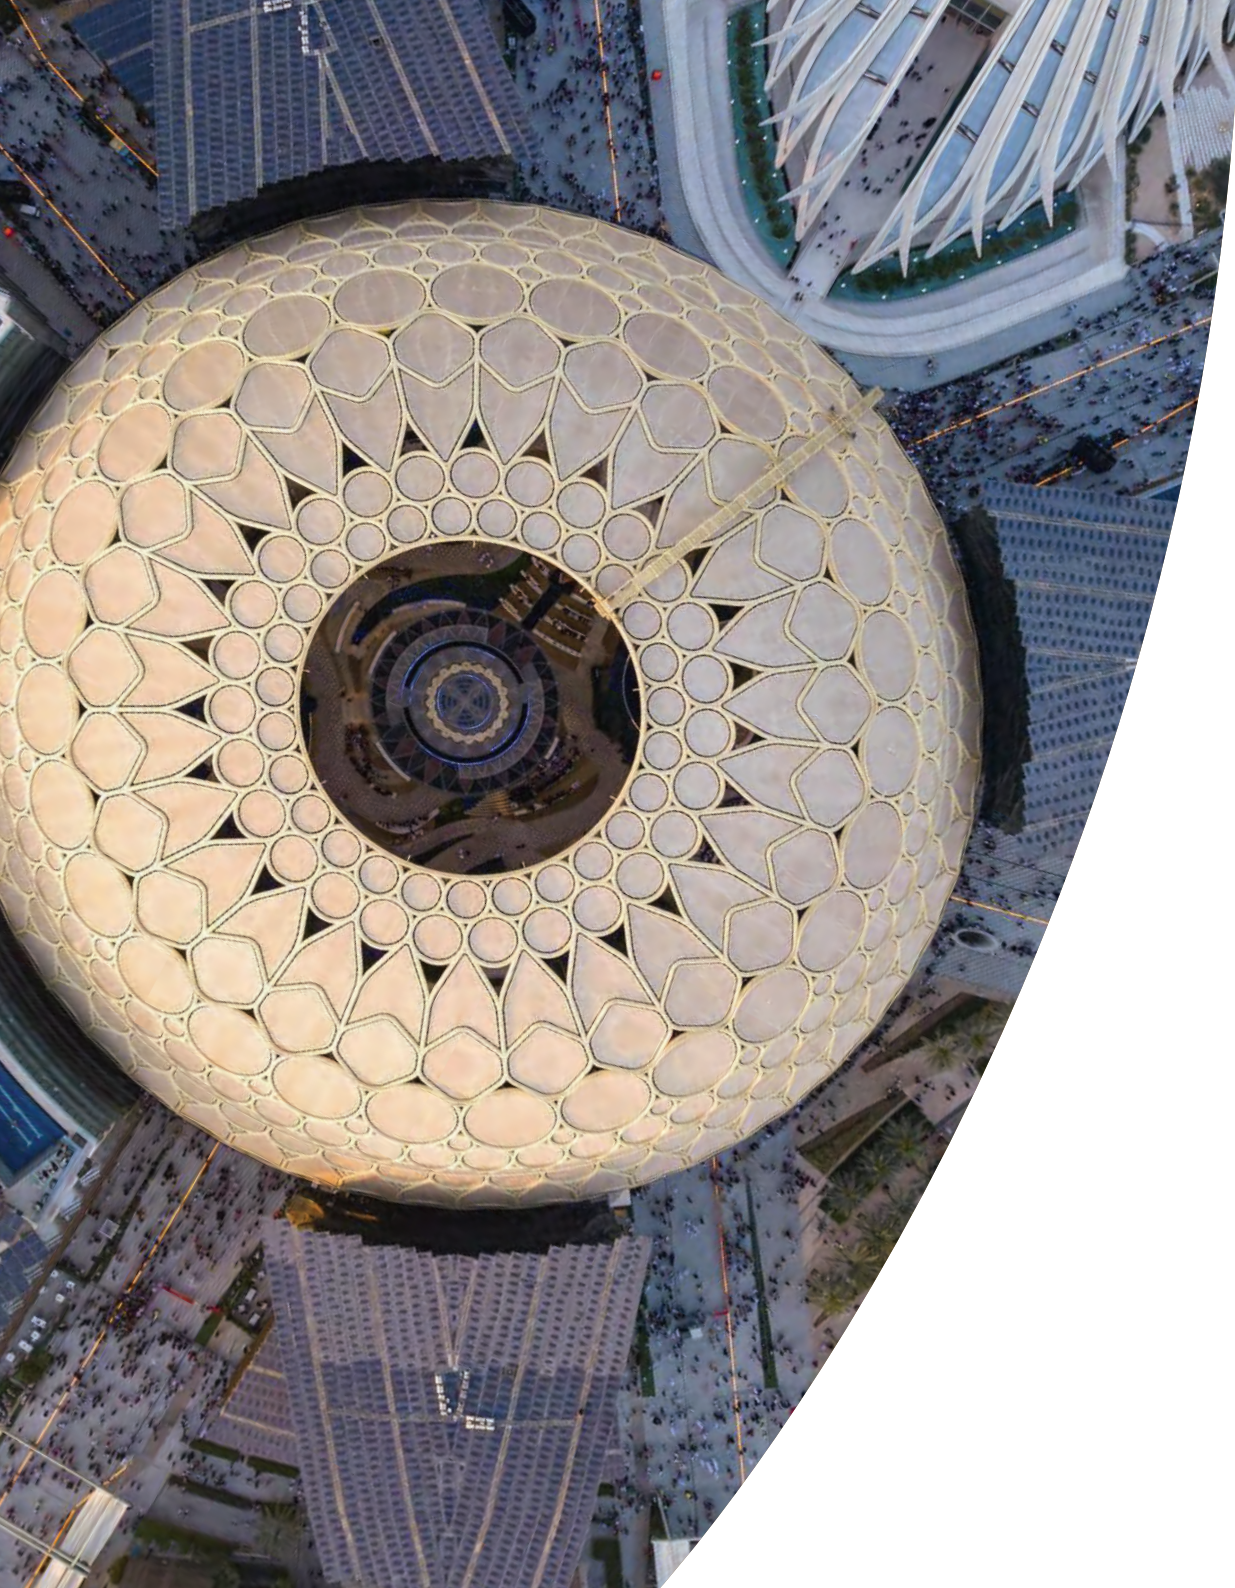

02. HISTORY

“It all began with an unforgettable Global Celebration”

Before Expo City Dubai, there was Expo 2020 Dubai. From 1 October 2021 to 31 March 2022, the first World Expo ever hosted in the Middle East fulfilled its promise of connecting minds and creating the future.

Expo 2020 provided an international stage for creativity and collaboration. Through its gates came artists and academics, dancers and diplomats, pop stars and pioneers, culinary wizards and cultural icons, tech talents and tomorrow's trailblazers.

Meticulously planned from the start of preparations for Expo 2020 Dubai, Expo City Dubai not only retains 80 per cent of the World Expo's infrastructure, but will ensure its legacy continues to evolve and flourish for generations to come. This clean, green, innovation-driven city will inspire its residents, tenants and visitors to live, work and play together, to harness the power of 'we' and build a brighter tomorrow.

03. VISION

The Vision for a Sustainable and Equitable Future

Aligning with the UAE's wider sustainability, diversification and growth goals, Expo City Dubai is based on a deep-rooted belief that working together, we can create a more equitable and sustainable future for all.

The mixed-use development includes residential, commercial, and entertainment areas that together foster a dynamic and inclusive atmosphere, driven by innovation and a desire to bring together global talents to embrace technology and digital advances.

The city, which incorporates energy-efficient buildings, green spaces, and sustainable transportation options, is an integral part of the Dubai 2040 Urban Master Plan, which emphasises the need for sustainable growth and greener communities that encourage pedestrians and cyclists.

EXPO CENTRAL

True to the values and ambitions of the World Expo, Expo Central is a new model for smart, sustainable, people-centric urban living. Comprising three distinctive residences located in the centre of Expo City Dubai, it forms part of a 15-minute urban community with a seamless mobility network and easy access to daily amenities and attractions.

Each residence is characterised by pedestrian-friendly avenues, vibrant plazas and public spaces, and tech-enabled living environments that connect like-minded communities.

Expo City Dubai Master Plan

Ideally Connected

Sitting at the heart of new Dubai in the south, Expo City Dubai is close to key transportation hubs such as the Dubai Metro and major arterial roads, making it easily accessible for residents and businesses and enhancing its appeal as a global business and logistics hub.

Road

- Easy access to four major highways: Sheikh Mohammed bin Zayed Road, Sheikh Zayed Road, Emirates Road and Al Khail Road
- 30 minutes from Downtown Dubai
- Less than an hour's drive from Dubai International Airport and Abu Dhabi International Airport

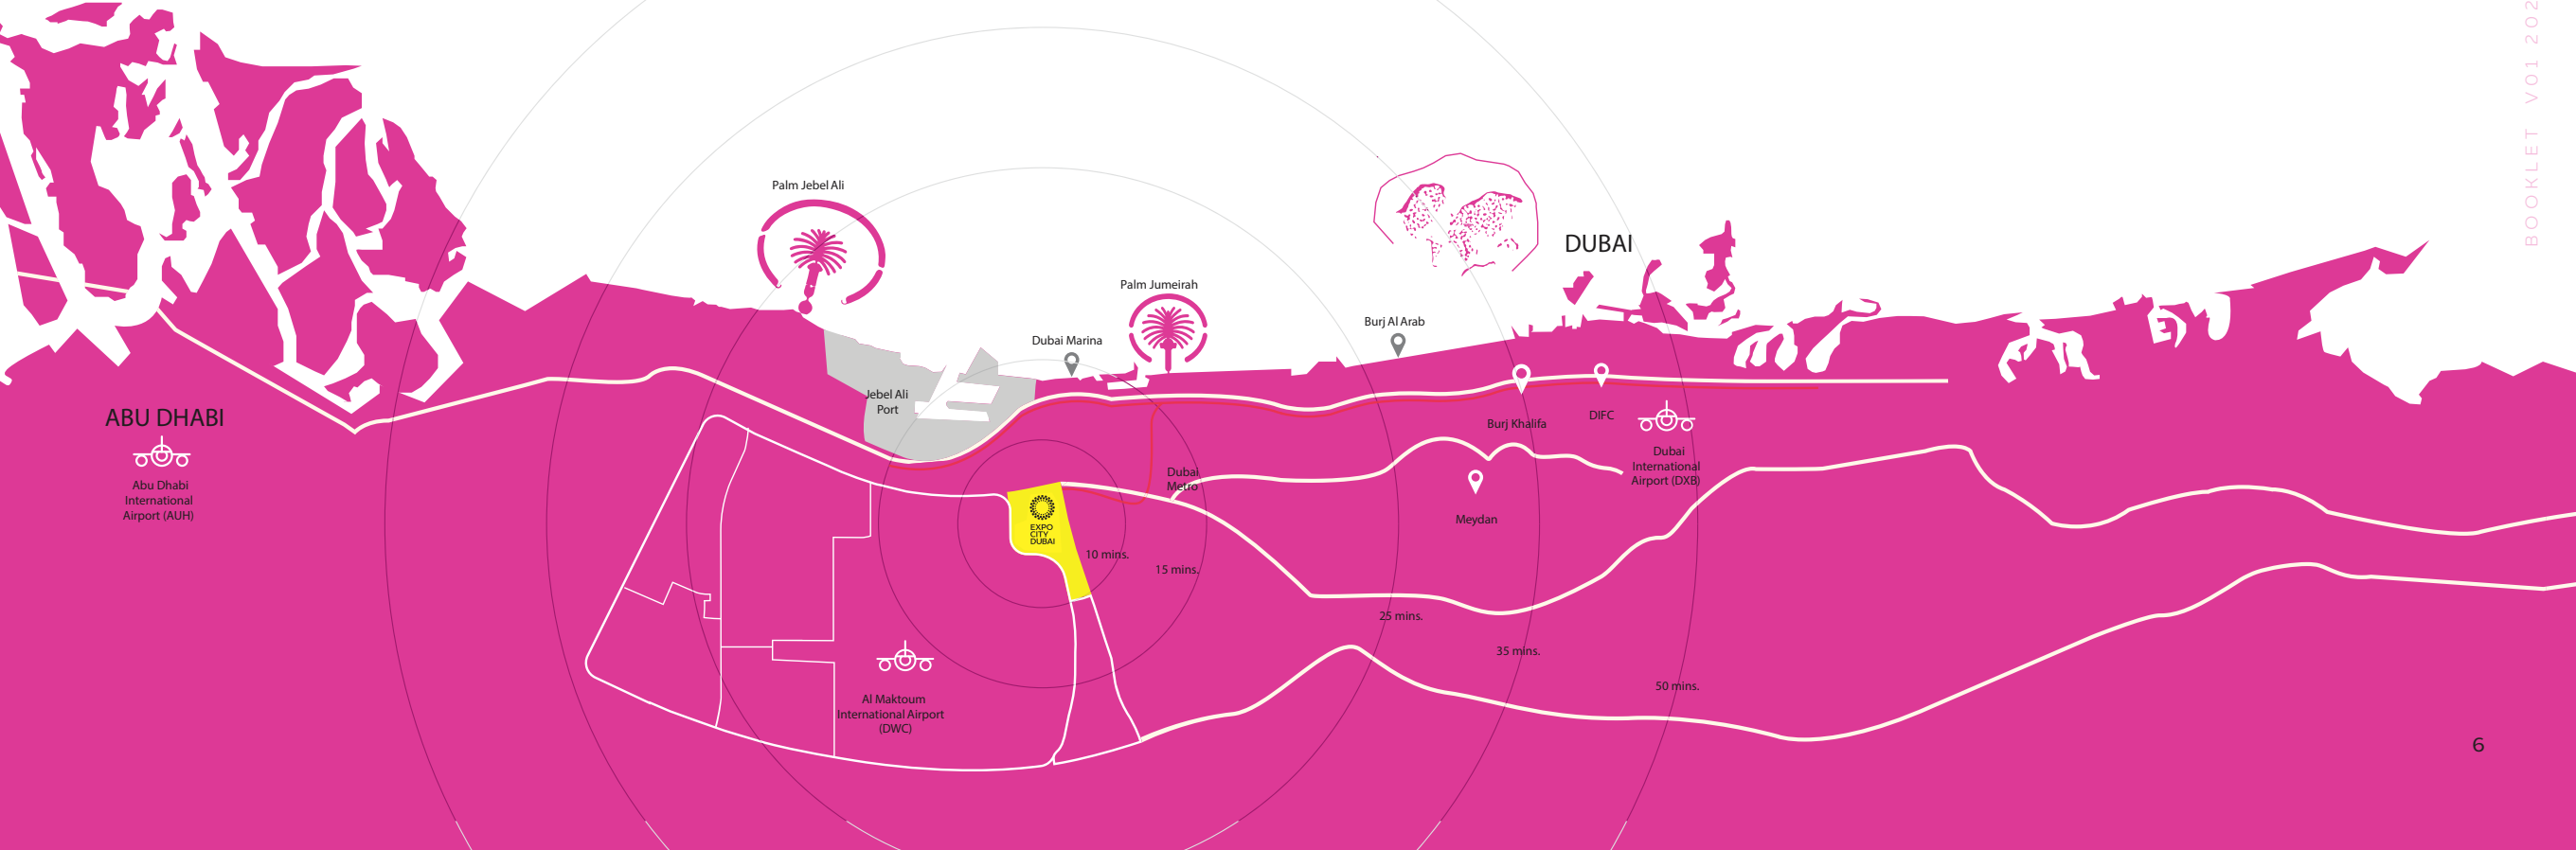

Rail

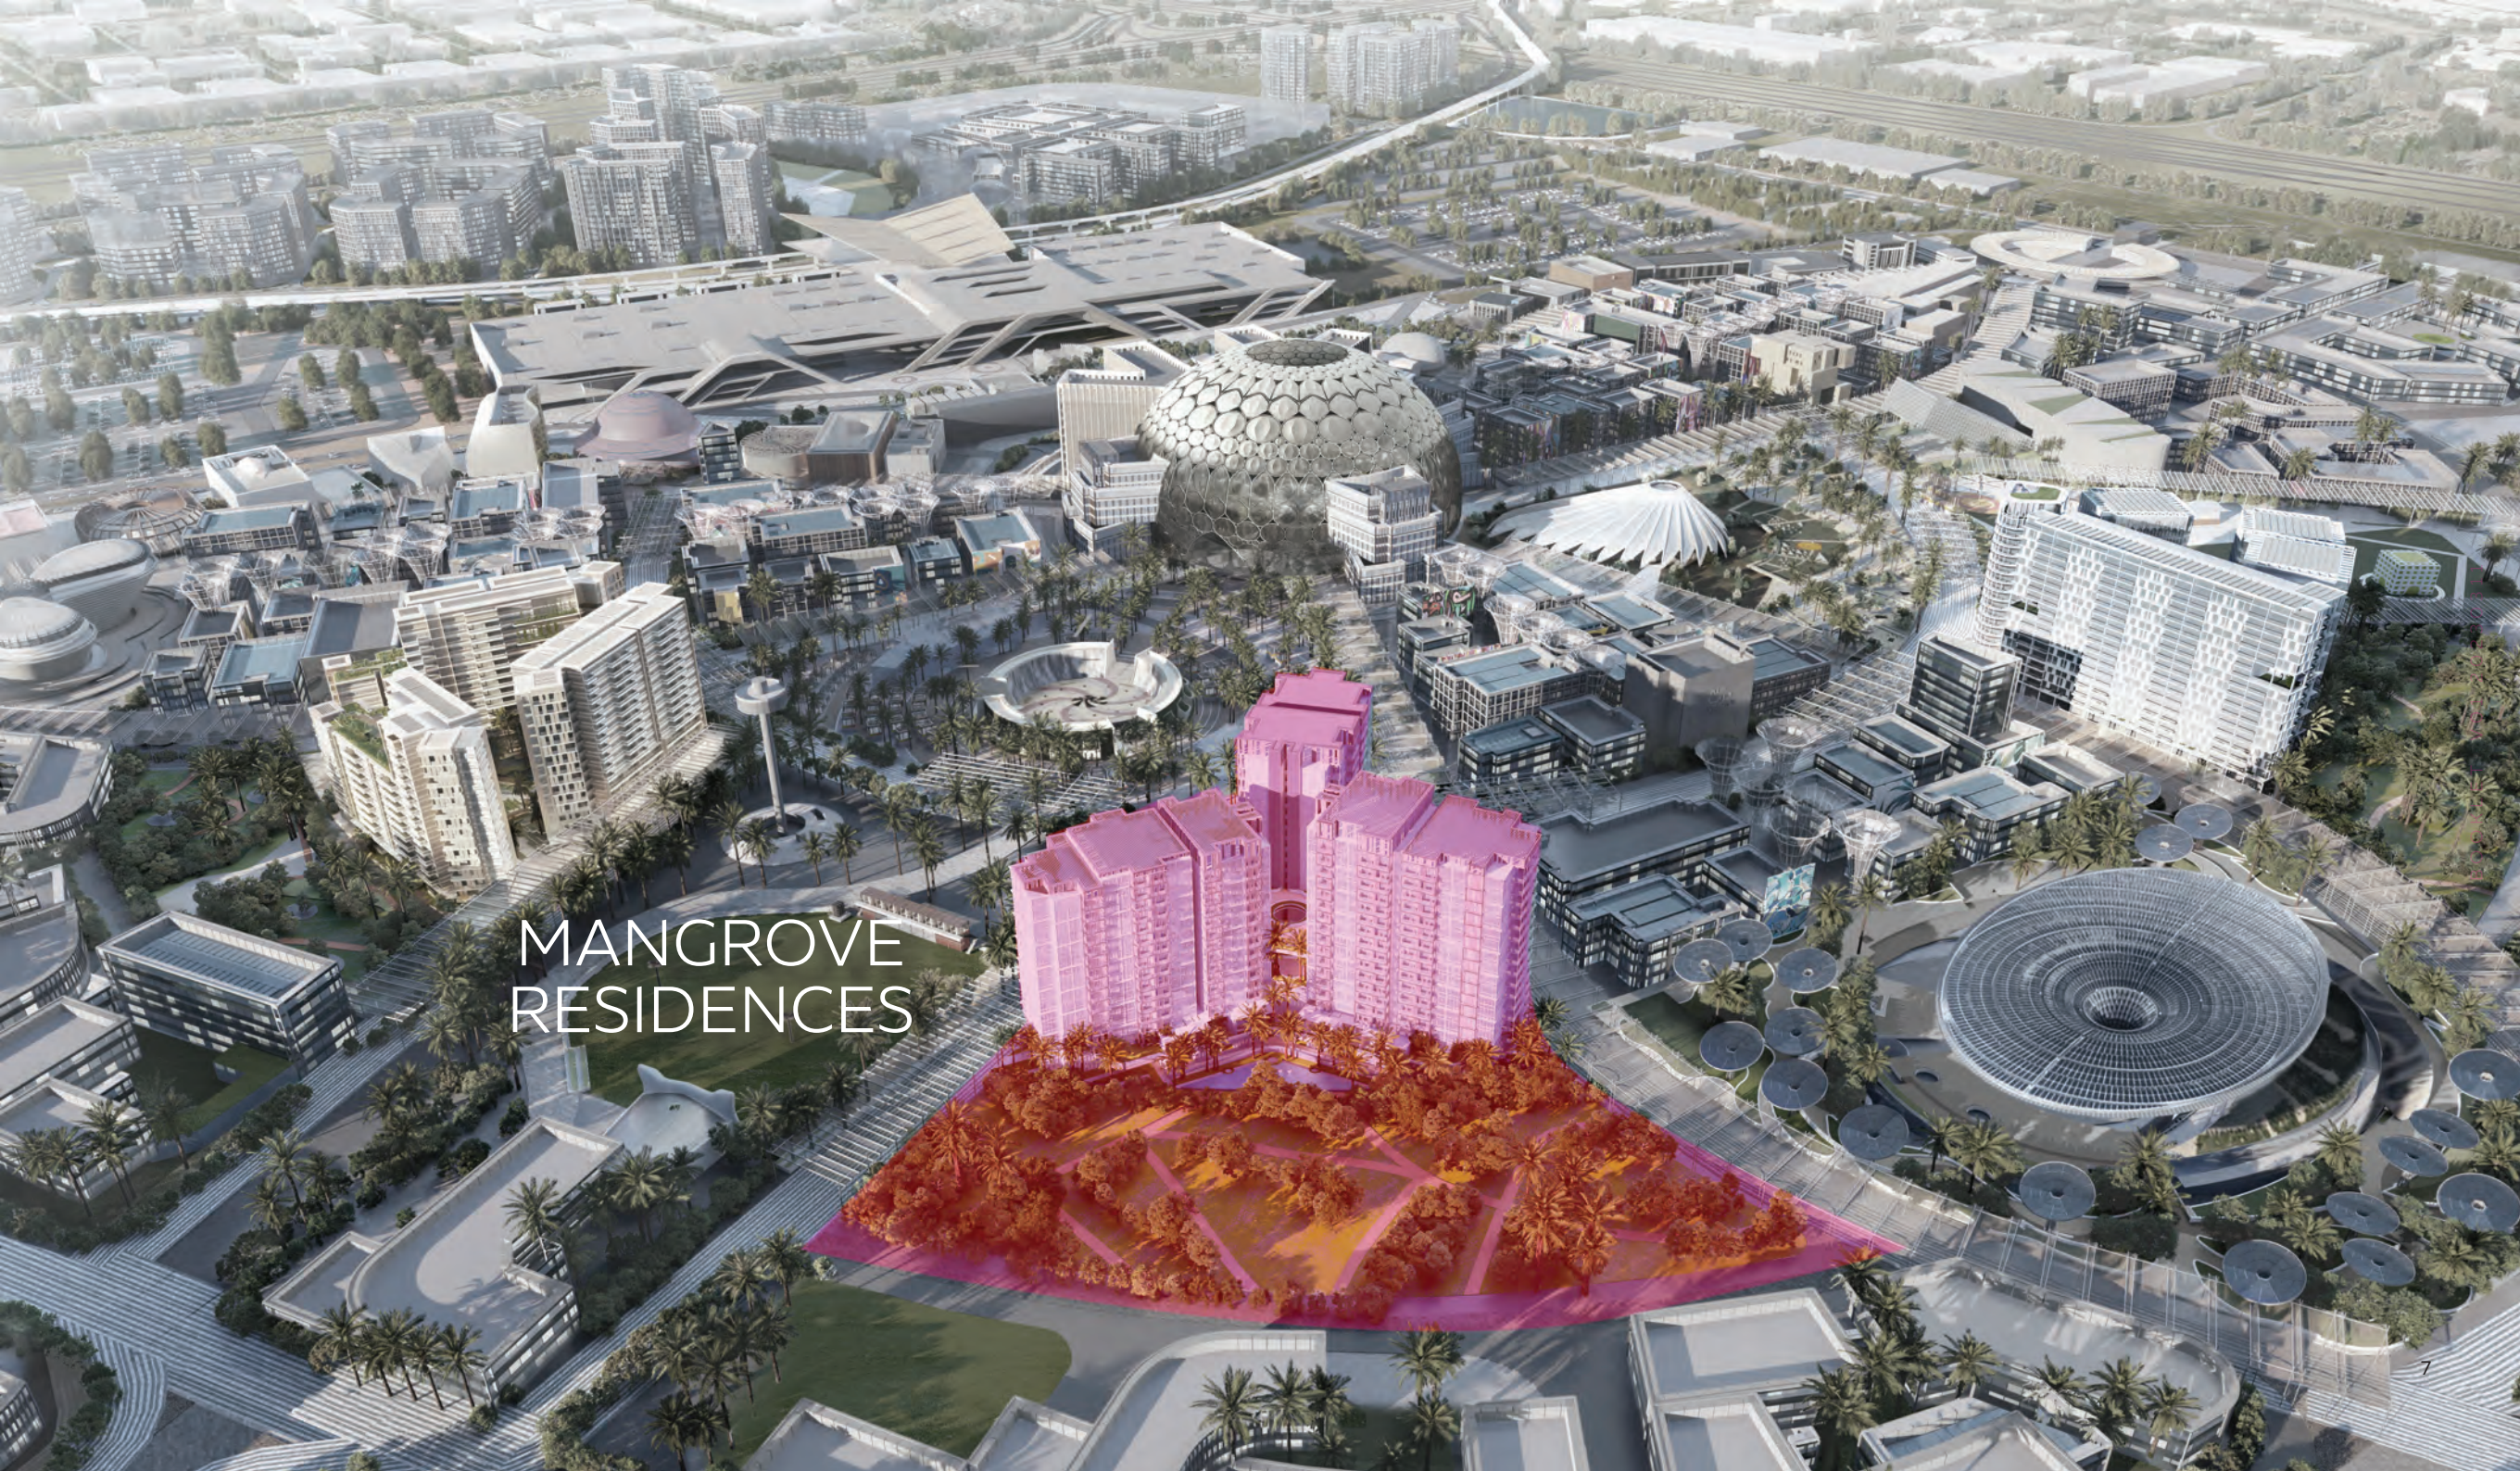

- Connected to the Route 2020 Metro Station on the Dubai Metro
- One stop from Al Maktoum International Airport
- 16 minutes from Dubai Marina

Air

- Less than eight hours flying time for two-thirds of the world's population
- Adjacent to Al Maktoum International Airport

MANGROVE
RESIDENCES

Active/Life

At Mangrove Residences, immerse yourself in an urban lifestyle that combines smart, sustainable design, resort-style amenities and easy access to the city and attractions.

Full of energy, Mangrove Residences inspires a health-conscious, wellness-focused, community-centric and environmentally-aware way of life.

A woman with dark hair, eyes closed, looking upwards, with a spiderweb in the background. The scene is set outdoors with lush green foliage. The lighting is warm and natural, suggesting a sunny day. The woman is wearing a light-colored tank top and a thin necklace. The spiderweb is prominent in the upper right corner, with its threads curving across the frame.

Live/Well

We understand that living well is being well. And wellbeing comes from communal living that features green surrounds, jogging tracks and wellness centres to help you live a healthy, happy life.

Three floors at Mangrove Residences are devoted to community activities, with podium gardens and sky terraces offering spaces to enjoy with family and friends, and all the convenience of a new urban community at your doorstep.

MANGROVE
RESIDENCES

View/Point

Open your mind to a whole new level of blissful living, with a home that overlooks stunning landscaped gardens and with unobstructed views towards Al Wasl Plaza, Jubilee Park and the Women's Pavilion.

Well/Being

Mangrove Residences is revolutionising sustainable living by combining care for the planet with the health, wellbeing and happiness of its residents. The pedestrian-friendly community (underground parking is included) is targeting the highest sustainability standards so residents live in homes that promote health and wellbeing.

Carrying forward the sustainability ambitions of Expo City Dubai, Mangrove Residences' low-carbon mesh façade is made using recycled construction materials.
