JUMEIRAH
GOLF ESTATES

The Next Chapter

WHERE EVERY SUNRISE UNFOLDS ON THE FAIRWAY

Jumeirah Golf Estates, where tree-lined boulevards and sculpted greenery have long shaped a lifestyle of grace and belonging. For generations, it has offered families not just homes, but prestige and a destination that speaks for itself.

Upon the expansion of the project, a new vision arises...

Jumeirah Golf Estates: The Next Chapter marks a bold evolution, and a broader vision of estate living across various districts. Here, equestrian trails wind through shaded groves. Lawns inspired by the great urban parks invite leisure and connection. And a new golf course, shaped for the modern player, completes the landscape with quiet confidence. Because true legacy isn't built overnight, it's lived, refined and passed on.

STRATEGIC LOCATION

CEDARWOOD

ESTATES

THE SOUTHERN JEWEL OF THE NEXT CHAPTER

Perfectly situated in Me'Aisem First, between Mohammed Bin Zayed Road and Zayed Bin Hamdan Road, Cedarwood Estates lies at the heart of the southern side of Jumeirah Golf Estates: The Next Chapter.

Set close to the equestrian centre, this villa community is enriched by a rare lifestyle layer that quietly elevates the residential experience.

Wrapped in sculpted greenery and overlooking one of Dubai's most expansive 960,164 m² golf and sports realms, every villa is crafted to showcase sweeping fairways views.

An elegant network of circulation loops connects the district, offering effortless access to schools and retail while creating a seamless connection between nature, community and everyday life.

WHERE EVERY SUNRISE UNFOLDS ON THE FAIRWAY

At Cedarwood Estates, 121 golf-villas are thoughtfully set along sweeping panoramic fairways, creating a lifestyle where every view is a masterpiece.

Crafted by nature, the landscape becomes a defining element of the district's character. The Green Islands, sculpted mounds, terraced planting and curated tree clusters, act as serene pauses along the community's internal loop. The result is a streetscape softened by shaded seating pockets and pathways, where nature and design work together to shape an atmosphere of calm and lasting elegance.

ARCHITECTURE THAT BREATHES WITH THE LANDSCAPE

Inspired by clean contemporary aesthetics, Cedarwood Estates architecture opens fully to the outdoors, allowing light, air and views to animate every corner of the villa.

Linear volumes, soft textures and refined proportions give the homes a quiet sculptural presence, while floor-to-ceiling windows open onto uninterrupted golf course views. Every line, every surface and transition is designed to enhance flow: from the double-height entrances to the sheltered terraces and a private courtyard that brings nature into the heart of each residence.
