

MERIDEN BEACH RESIDENCES

Mediterranean inspired architecture

Meriden Beach Residences has been designed and created to provide the ultimate in timeless coastal living.

The most striking architectural feature is the incorporation of elegant curved lines and flowing cantilevered balconies that create a dynamic and fluid façade. This special feature provides residents with wide, panoramic views of the coast and the surrounding landscape.

Expansive floor-to-ceiling glass windows and doors create a seamless flow between indoor and outdoor living spaces which embrace an abundance of natural light and a sense of openness.
